

Falcon Locks Now Offering Schlage C keyway for Master Key Projects

Falcon locks Master Key offering has expanded to include the Schlage C section Keyway. This option is available on the all Falcon series locks (B, D, H, M, T, X, W, Y) in 6 pin configurations.

All keyed functions are included in the offering, except the Mortise M451 (Hotel) function. All offered functions are currently available to order except for construction split keying of Schlage Master Key cylinders and the Mortise, M381 (Entry/Restroom) function.

Falcon Locks continues to become more competitive in the marketplace by adding this important keyway to its product line-up.
